ANTISEPTIC ALCOHOL GEL

It's clear why **Spirigel** should be part of your resident care routine

Good hand hygiene is widely recognised as the single most important factor in controlling infection.

Use Spirigel between every resident contact.

- Waterless disinfection for physically clean hands
- Convenient alcohol gel formulation
- Enriched with emollients to protect the skin
- Suitable for staff, residents and visitors

Email spirigel@ecolab.com to find out how to make Spirigel part of your resident care routine
